Reference: Amended 12 Day Pre-Primary Report (4/1/08-6/25/08)

To Whom It May Concern:

This letter is in response to the Commission's letter we received regarding the above referenced report. Please see below for our complete response.

After our original report was filed, we discovered some activity from that period that was not included. We make expenditures from multiple offices and there was a miscommunication between the offices that resulted in a portion of the expenditures being transmitted after the original report had already been filed. The fact that this is a pre election report and the dates covered did not go through the end of the month exacerbated the situation. For this reason, we were not able to reconcile a bank statement which would have allowed us to see the oversight and correct it before filing. We have revisited our procedures to ensure that this does not happen again.

We trust this response is sufficient and completes the public record. If you need anything further, please do not hesitate to contact us.

Thank you,

Gingrey for Congress
